Way Back When

Way Back When is the fantastic debut album from Anadama—Amelia Mason (fiddle), Emily Troll (accordion), and Bethany Waickman (guitar)—a Boston-based contra dance band. Anadama finds its roots in the traditional music of New England, Ireland, and Quebec. Held aloft by the dark pulse of Bethany's open-tuned guitar, they infuse old and new tunes alike with a distinctly modern kick, fiddle and accordion woven together in tight, driving harmony. It is dynamic, earthy music, all—from sweetly rolling jigs to breathless, freewheeling reels—played with vigor and honesty, and dance at its heart. Hear Anadama play a set of tunes at bit.ly/AnadamaBlackRock. [Shop Now >>](#)
