1) The sea - son is dry old tim - er. And wa - ter won't run up hill. So  
port - age lakes some-times fail us and of - ten are much to low. Oh,  
will watch our gates and pad - dles. Yes the tum - bles and waste - ways, too. They'll

let's do our best to for - get the rest and keep our lev - els full. We're  
and then for rain we'd have to wait, for loaded we can - not go. We're  
help us a - long with their mer - ry song, and we'll see that we get through. We're

moon. For the can - al needs the wa - ter to keep things a - float and I

nev - er will put wheels on my old can - al boat, for I love the old tow-path and

an - y - thing a - float. So you can - not make a wag - on of my grand old boat.
